Executive Summary

Assurance Projects:

Investigation Process Review

- Project began in March 2017 and was completed and issued in June 2018.

Capital Construction Oversight and Management Implementation Follow-Up Review

- Project began in January 2018 and was completed and issued in June 2018.

Student Information System Post-Implementation Review/Data Integrity Follow-Up Review – Student Enrollment

- Project began in late March 2018. The review is currently in the fieldwork stage and is targeted for issuance in September 2018.

School Based Reviews

- Internal Audit (IA) performed five (5) Student Activity Fund Reviews and seven (7) School Monitoring Reviews, and provided internal control consultation to various schools/offices during the Quarter.

Consulting, Monitoring, Fiscal Reviews, and Other Projects:

Monitoring Based on Management Action Plans

- IA followed-up on management's action plans to the observations noted in the completed reviews. (Refer to Appendix A for details.)

Fraud and Ethics Hotline – Confidential Reporting Mechanism

- IA continued to coordinate and monitor the assignments of the cases received from the Fraud and Ethics Hotline.

Executive Summary (continued)

Consulting, Monitoring, Fiscal Reviews, and Other Projects (continued):

Standard Practice Project

- IA followed up with the Office of Superintendent on the status of the Standard Practice (SP) project. Currently, the SP project is in various stages. Most offices are in the process of drafting and updating their SPs and some offices have had their SPs reviewed by the Department of the Attorney General and are now making corrections. Currently, an internal worksite has been established on the intranet to automate the process as well as providing standardized templates. Approximately 176 SP drafts have been updated to the new intranet worksite using the new templates. Upon approval, they will be posted to the public website. As of June 2018, they have published 24 SPs to the public site. Older procedures have been posted but a disclaimer has been added to indicate that items are subject to change.

Fiscal Reviews

- IA was involved in several unanticipated fiscal reviews during the Quarter.

Summary of Proposed Changes to the Audit Plan

Project	Original Timing	Budget Impact	Proposed Change	Reason for Change
Leave Without Pay Audit	Q1 FY 2019	None	Move to Q3 FY 2019	Need to move up Post-Investigation - Decision Making Process Audit due to internal staffing issues.
Post-Investigation - Decision Making Process Audit	Q2 FY 2019	None	Move to Q1 FY 2019	see above reason
Operational Audit of the Extracurricular Section	Q3 FY 2019	None	Move to Q2 FY 2019	see above reason

Management Action Item Dashboard Summary

¹ Audit Rating Definitions:

- Acceptable – No significant deficiencies exist and improvement continues to be appropriate; controls are considered adequate and findings are not significant to the overall unit/department.
- Marginal – Potential for loss to the auditable unit/department and ultimately to the DOE. Indicates a number of observations, more serious in nature related to the control environment. Some improvement is needed to bring the unit to an acceptable status, but if weaknesses continue without attention, it could lead to further deterioration of the rating to an unacceptable status.
- Unacceptable – Significant deficiencies exist which could lead to material financial loss to the auditable unit/department and potentially to the DOE. Corrective action should be a high priority of management and may require significant amounts of time and resources to implement.

² COSO (Committee of Sponsoring Organizations of the Treadway Commission) Category Definitions:

- Operational Findings – Audit finding relates to the effective and efficient use of the entity’s resources.
- Financial Findings – Audit finding relates to the preparation of reliable published financial statements.
- Compliance Findings – Audit finding relates to the entity’s compliance with applicable laws and regulations.

³ Completion Status Definitions:

- Completed– Audit finding was resolved as stated by management.
- Partially Completed – Not Overdue – Audit finding was partially resolved as stated by management.
- Outstanding – Not Overdue – Audit finding has not been resolved but has not passed management’s target date.
- Outstanding – Overdue – Audit finding has not been resolved and has passed management’s target date.

Fraud & Ethics Hotline Summary (continued)

Case Priority

Substantial complaints and allegations are assigned for case review. Then, each case is prioritized as either an Investigation or a Management Issue.

An investigation is generally warranted for:

- (a) significant policy and procedure violations,
- (b) gross misconduct such as prohibited behavior or violent behavior, or
- (c) wherever an allegation (if true) is likely to result in disciplinary action.

An investigation is generally not warranted for:

- (a) work performance issues,
- (b) other misconduct such as inappropriate behavior or undesirable behavior, or
- (c) wherever an allegation (if true) is likely to be resolved without disciplinary action.

Minor Issue = Minor complaints and allegations are not assigned as open hotline cases. Neither are questions, comments, concerns, and reports with insufficient information. These cases are closed and forwarded to management for appropriate follow up action.

Unspecified = The case has not yet been given a designated priority.

Fraud & Ethics Hotline Summary (continued)

Case Type

- Human Resources: Employee misconduct and employment issues
- Other: Questions, comments, complaints, or allegations that do not fall within another category (e.g., grading & instruction, administrative decisions, school safety, staff performance, etc.)
- Misuse of Dept. Resources: Unauthorized or inappropriate use of DOE resources
- Fiscal Impropriety: Financial misstatement, fraud, or theft of cash, goods, or services
- Theft of Time: Any act which causes an employee to be paid for time not worked for the benefit of the DOE
- Disclosure of Confidential Data: Inappropriate use or disclosure of confidential information
- Falsification of Records: Alteration of a record from its genuine condition
- Retaliation of Whistleblowers: Adverse treatment of an individual in retaliation of their report of inappropriate activity

<p>1. Weaknesses in the Code of Conduct Program</p> <p><i>IA Recommendations:</i> Mandatory training to DOE employees, suggestions include video and questionnaire to follow or require Administrators to go over Code of Conduct during “Opening of the School Year Packet” distribution. In addition, each office/school should compile a list of the employees that took the training and send it to OHR. Consider including language on the signature confirmation form that states, employee’s signature certifies that they have reviewed the policies and procedures in the “Opening of the School Year Packet.” In addition, include instructions that the Code of Conduct should be distributed to all employees, volunteers, and contractors. Management should review the Code of Conduct on an annual basis to determine if any updates/changes need to be made and also monitor that employees, volunteers, and contractors have received and reviewed the Code of Conduct.</p> <p><i>Management's Corrective Action Plan Status:</i></p> <p><u>Completed</u></p> <ul style="list-style-type: none"> * OHR modified the “Employee Distribution Confirmation” form which accompanies the “Opening of School Year Packet,” to include a statement that the employee has received and reviewed the “Opening of the School Year Packet”. * "Opening of School Year Packet" forms and memos were distributed to schools/offices on May 11, 2018. The memo also reminds them to review the Code of Conduct with their employees.

<p>1. Need for better oversight, monitoring, tracking and accountability</p> <p><i>IA Recommendations:</i> Management should be diligent in their efforts to provide oversight, monitoring, and tracking of established FMB SOPs. Training should continue to be provided and all employees should be held accountable to following the SOPs. Management should create a tracking list of all fuel cards. The list should include the location of the card and for which asset it is assigned to. It should also be maintained for any updates for lost or replaced cards. Management should perform physical inventory on a timely basis and update Maximo for any changes noted during the inventory count.</p> <p><i>Management's Corrective Action Plan Status:</i> <u>Completed</u></p> <ul style="list-style-type: none"> * FMB updated Maximo TR-Assets with the accompanying vendor gas card assigned to each vehicle. <p>2. Procedures are not always followed: Fuel purchasing</p> <p>IA Recommendations: Management should continue their monthly review over the mileage logs and fuel purchasing process. Management should make a notation on the mileage logs to indicate that the review was performed. Management should also continue to remind employees about the policies and procedures. Management should require that the Daily Automotive Equipment Use Record or Mower Monthly Fuel Purchase Logs be properly completed and submitted on a daily basis. District Managers at each baseyard should do a daily spot check to ensure that all logs are completed. At the end of each month, Management should electronically input the data from the logs onto a spreadsheet and run an analysis for fuel consumption reasonableness test. Anomalies should be researched and resolved in a timely manner. Objectives:

1. To obtain a general understanding of the design and operating effectiveness of the fixed assets inventory process.
2. To review, evaluate, and test the operating effectiveness of the fixed assets inventory process to ensure key controls have been adequately put into place and are in compliance with policies and procedures.
3. To determine whether fixed assets are adequately accounted for.
4. To verify fixed assets exist and all assets are properly recorded in “WinFMS.”
5. To provide recommendations based on leading practices for improvement to enhance effectiveness and efficiency of fixed asset management.

<p>1. Inaccurate Reporting of Fixed Assets</p> <p><i>IA Recommendations:</i> Management should consider methods to automate fixed asset processes to help increase the accuracy of inventory records such as a bar-coded scanning process that could be integrated with the accounting system. More fixed assets training should be given to the field. Management should identify old Org IDs and clear out old/disposed fixed assets and transfer remaining fixed assets into new Org IDs. Management should periodically, on a test basis, review the items deleted off the hold file records for proper deletions, check that fixed assets are moved from the hold file into the property file, and ensure the proper disposal of fixed assets. Management should continue to send reminders throughout the year to the field for the following: timely submittal of disposal/transfer forms, move fixed assets from the hold file to the property files, decal all fixed asset items prior to distribution of the fixed asset, and update the location of the asset.</p> <p><i>Management's Corrective Action Plan Status:</i></p> <p><u>Completed</u></p> <ul style="list-style-type: none"> * Accounting Service Branch (ASB) reviewed State HRS/HAR guidelines regarding inventory and had discussions with the State Procurement Office to verify their understanding of the law. <p>1. Inefficiencies and clerical errors resulting from manual processes</p> <p>IA Recommendations: An integrated payroll system should be implemented to eliminate inefficiencies and clerical errors. For payroll overpayments, once an error is found, Payroll should immediately start the process to try and recover the overpayments. Management should periodically, on a test basis, check that vacation payouts are calculated accurately; check that overtime is calculated accurately; check that overtime classifications are coded properly; check that transferred employees do not receive paychecks from previous positions; and that all overtime forms are signed. Management should create policies and procedures on how to handle transferred employees. Payroll clerks should be reminded that overtime forms need to be signed by all required personnel prior to the process of overtime payments.</p> <p>Management's Corrective Action Plan Status: <u>Completed</u></p> <ul style="list-style-type: none"> * Payroll begins the overpayment recovery process as soon as possible, and as current workloads and the DAGS payroll deadlines permit. * The Operations staff is reviewing the vacation payout calculation by the third party contractor before paying out the vacation. * The Payroll Claims Supervisor is conducting periodic reviews on the accuracy of vacation payouts and overtime; and also that transferred employees do not receive paychecks from previous positions. * Discussion with OHR resulted in an inability to generate two (2) Form 5s for employee transfers due to limitations from OHR. However, the Payroll Claims Supervisor reminded the payroll staff to ensure proper routing of the Form 5 for an employee transfer within the DOE.

<p>2. Lack of integration of payroll and other related systems</p> <p><i>IA Recommendations:</i> Management should move to an integrated system that allows payroll to be processed electronically and be able to communicate with other payroll related systems such as T&A for leave absences and eHR for personnel data. Management should work with OHR to create a breakdown of what should be coded as teacher pay and what should be coded as differential pay. Payroll section should process new hire payroll as soon as they receive the Form 5. Management should investigate payroll processing delays and ensure that preventative measures are in place to mitigate the chances of the delay from reoccurring. Management should periodically, on a test basis, check that separation procedures were properly performed for separated employees. For payroll overpayments, once an error is found, Payroll should immediately start the process to try and recover the overpayments.</p> <p><i>Management's Corrective Action Plan Status:</i> <u>Completed</u></p> <ul style="list-style-type: none"> * The Payroll Claims Supervisor is doing periodic reviews to ensure that a newly hired employee is paid timely and that separation procedures are properly performed for separated employees. * Payroll begins the overpayment recovery process as soon as possible, and as current workloads and the DAGS payroll deadlines permit. * With the discontinuance of SURF and system limitation of eHR, the audit recommendation of creating a breakdown for differential pay cannot be implemented. Since there are no current accounting reporting requirements and the information needs for budget purposes can be provided by eHR, our recommendation is to continue using this workaround until a system change can be implemented.
