A. List the specific policy, regulation, rule, procedure or the specific article within the collective bargaining agreement from which the school is seeking relief.

HSTA-BU05 Collective Bargaining Agreement: Article VI:

Teaching Conditions and Hours," Section CC, "Work Time Distribution, Weekly Totals within the 7-Hour Day, 5-Day Week,"

Paragraph 1a, "Self-Contained Classes." "Fourteen hundred fifteen (1415) minutes of instructional time per week."

Paragraph 1d, "Three hundred thirty five (335) minutes to be used during the work week exclusively for: (various times)."

Paragraph 2a, "Departmental Classes." "Twelve hundred eighty-five (1285) minutes of instructional time per work week,"

Paragraph 2d, "Four hundred sixty-five (465) minutes to be used during the work week exclusively for: (various times)."

Policy #1710-3 School Calendar. "...The school calendar for student attendance shall set the maximum number of days of classroom instruction. Student attendance shall be limited to those days specified in the school calendar."

B. Describe 1) the desired change, and 2) what the school hopes to accomplish as it relates to improving student learning and increasing student achievement. Include specific quantitative, qualitative and longitudinal data to support the need for the request.

Provide 2 days for assessment of student learning through performance activities. One day for students in 7th grade on April 26th, 2013 and one day for students in 8th grade on May 17th, 2013. These assessment days require that only the grade level being evaluated attend school to present their research findings to a panel of judges who will determine student academic progress as well as achievement of the general learner outcomes. These are culminating activities that require students to provide evidence of their work presented orally.

- C. If a renewal, describe and evaluate the outcomes of the requested change. Explain what was achieved and the impact on student learning. (Include specific quantitative and/or qualitative data.)

In the previous school year, 96% of the 7th graders and 95% of the 8th graders presented their research to the panels and were evaluated using a rubric that incorporated the requirements for the projects as well as how well they were able to communicate their results to the panel. The evidence of their work included reflection on how well they thought they accomplished the general learner outcomes. 91% of the students achieved a satisfactory rating on the rubric used for the assessment.

- D. Please provide additional information (**data and narrative**) for the following type of request applicable:

Since 1998 Konawaena Middle School has required 8th grade students to complete an exit project called, "Kulia". This continues to be a rigorous and relevant activity for our students and will prepare them to complete the Senior Project and attain the BOE diploma.

Each year, Konawaena Middle School has asked for the waiver to allow us to convene the panels to which the students present their findings. It is an integral part of the project which holds students accountable for their research and allows them to reflect on their future. Without the faculty participation as panelists, we would not be able to complete the assessment part of the Kulia project. Our 7th graders complete a more guided research and career exploration project which also includes a presentation to panelists. This project called, Ka Honua Maoli, "Real World" provides them with the experience they will need to complete the more independent Kulia project as 8th graders. To do this effectively, Konawaena Middle School needs the time to complete the assessments by having school days where only the students presenting to the panels are present at school, freeing the faculty to serve on the panels that assess the students' projects.

With the push state-wide for rigor, relevance and relationships in school curriculum, instruction, and assessment these projects and the assessment of them meet the criteria of measuring "learner engagement", "personal skill development" and "stretch learning".

D1.) Parent-Teacher Conferences:

For a waiver from the DOE Regulation 4510.3 Released Time for Conferences to Report Student Progress, the Superintendent requires that a parent satisfaction survey be conducted and the survey results submitted.

Number of surveys distributed	
Number of surveys returned	
Number of parents in favor	
Number of parents not in favor	
Number of parents undecided	

Summary: Not Applicable

D2.) School Attendance Procedures:

For a waiver from the DOE School Attendance Procedures, Revised August 2001, a comparison of attendance data over a three (3) year period of time is required. Explain the increase or decrease in attendance rates. Provide provisions for allowing students to make-up missed work.

School Year	% of average daily attendance

Rationale: Not Applicable

D3.) Reporting of Quarterly Grades:

For an exception from the collective bargaining contract for teachers for Reporting Quarterly Grades for Schools, an explanation of the interventions provided and the impact on student learning is required.

Number of students failing	
Number of students who received tutorial assistance/interventions	
Number of students whose grades improved after receiving tutorial assistance/interventions	

Explanation: Not Applicable

D4.) Modified Assessment Schedule:

For an exception from the collective bargaining contract for teachers for a Modified Assessment Schedule, an explanation of the interventions provided and the impact on student learning is required. Describe tutorial opportunities provided for students during the assessment week.

Number of students failing	0
Number of students who received tutorial assistance/interventions	152
Number of students whose grades improved after receiving tutorial assistance/interventions	Data Not Yet Available

Explanation: As of the writing of this waiver, zero students are failing a grade level because we are only in the first quarter. Konawaena Middle School has began rigorous Math tutorials in which we have 13 small groups of students working with the ALEKS math program to improve mathematical knowledge and success on the HSA. The tutorials just started this past week so results are not in yet in terms of data regarding progress of students. The philosophy of keeping the tutorial groups small (9 to 18 students) per teacher and having them engage with a scientifically research-based program such as ALEKS Math, should yield positive results for our students.

E. All Other Requests:

Provide information and explanation as indicated in Sections A, B, and C, and other additional information applicable.

Not Applicable.

- F. Provide a chronology and summary of discussions and activities that document an inclusive, collaborative and consensus-building decision-making process.

Date	Type of Meeting	Summary of Outcome

The signatures on this page acknowledge that the decision to request the attached waiver/exception was reached through a collaborative process. If this request is an exception to a collective bargaining agreement, the decision by members of the bargaining unit was achieved through consensus. (Because exceptions to collective bargaining agreements

involve the rights of other employees, consensus, specifically by affected unit members, is necessary to waive those rights. It is possible for these unit members to agree on a fallback decision-making option provided that the agreement on the fallback option was reached through consensus.)

Hi Marybeth,

Can you please send Toni Symons an email regarding Kulia and New World Days selected by the faculty at yesterday's meeting? This is a requirement of the waiver process. You can simply state, "Hi Toni, I am emailing to inform you that the faculty of Konawaena Middle School reached consensus with a 100% affirmative vote to have the waiver/exception days for SY 2012-2013 of April 26th, 2013 and May 17th, 2013.

Also, you are supposed to cc: Ray Camacho at rcamacho@hsta.org. Please print out your email and let me have a copy to attach to the waiver. After tonight's SCC meeting, hopefully all that will be left is for the BOE to approve our request.

Thanks,
Teddy
