

**POLICY 302-1**

**STUDENT TRANSPORTATION**

The DOE shall provide student transportation to those students who qualify for the program based on applicable federal and state laws within the legislatively appropriated resources.

For the purpose of further equalizing educational opportunity, the Department may acquire buses for schools to transport students to school sponsored activities.

When circumstances are such that it would be impractical to charter a bus to transport students on trips approved by the principal, private cars may be utilized.
