The Board of Education is holding a series of community engagement meetings across the state.

You are invited to join Board Members and education staff to share your thoughts on a key priority area in early childhood education: the early childhood workforce. These meetings are part of the Board's participation in the National Association of State Boards of Education's Early Childhood Education State Network and will inform data collection and reporting on this important public education issue.

Additionally, information will be shared and feedback solicited on graduation requirements.

*If you need an auxiliary aid/service or other accommodation due to a disability, contact Board office staff at (808)586-3334 and/or BOE.Hawaii@boe.hawaii.gov as soon as possible, preferably by three days prior to the meeting. Requests made as early as possible have a greater likelihood of being fulfilled.
